Does your organization need help to identify barriers and enablers of optimal infant and young child feeding practices?

Is your organization looking for a technical IYCF-E advisor to provide remote support in developing a tailored IYCF-E strategy or action plan?

Do you need support to develop effective context specific IYCF-E capacity building activities?

Do you need support with multi-sectoral IYCF-E integration?

Contact the Tech RRT to receive remote technical support for individual agencies and the nutrition collective, including national or international organizations as well as health ministries. Opportunities for financial support are available if necessary, thanks to USAID/OFDA, Irish Aid, SIDA and Save the Children.

Examples of how the Tech RRT IYCF-E Advisor is able to provide support remotely:

- Providing technical advice and operational support on IYCF and IYCF-E specific and sensitive programmes, tailored to your needs, including multi-sectoral integration of activities.
- Mentoring and training staff remotely to conduct assessments and use the findings to develop an informed IYCF-E strategy.
- Mapping, reviewing and supporting the adaptation of existing IYCF and IYCF-E tools and materials to the needs of your organization/project area.
- Conducting stakeholder consultations to develop an evidence-based IYCF-E strategy/action plan.
- Support in the development of programmes focused on the non-breastfed infant.
- Reviewing/supporting the organization/project’s programmatic adaptations in the context of COVID-19.
- Reviewing and supporting the development of national IYCF-E policies, strategies, and documents adapted to COVID-19 context.
- Conducting remote, interactive Training of Trainers (ToTs) and orientations sessions on IYCF and IYCF-E concepts and methods.
- All trainings are tailor made and will include innovative online tools and advanced remote facilitation approaches. Training agendas will incorporate interactive training presentations, combining group work, online collaboration, offline tasks and other facilitation approaches.
- Supporting in documentation of adaptations and lessons learned during COVID-19 pandemic.
- Designing M&E tools and indicators and support in evaluating IYCF and IYCF-E interventions.
- Reviewing and supporting the development of BMS policies including monitoring and reporting systems.

If your organization needs remote technical support on IYCF-E, contact us (TechRRT@InternationalMedicalCorps.org) to make a request!
